Are there any other issues, concerns or information you would like your instructor to

know? \_\_\_\_\_

What type of class are you attending today? \_\_\_\_\_

Experience (circle one) None Less than 1 year Other \_\_\_\_\_

I understand that yoga includes physical movements as well as an opportunity for relaxation, stress re-education and relief of muscular tension. As is the case with any physical activity, the risk of injury, even serious or disabling, is always present and cannot be entirely eliminated. If I experience any pain or discomfort, I will listen to my body, adjust the posture and ask for support from the teacher. I will continue to breathe smoothly. Yoga is not a substitute for medical attention, examination, diagnosis or treatment. Yoga is not recommended and is not safe under certain medical conditions. I affirm that I have been checked by my doctor and cleared to practice yoga prior to class.

I hereby agree to irrevocably release Sunlight and Yoga, the practitioners and their insurers, from all liability of any nature whatsoever, whether past, present, or future for injury or damage which may occur. I agree to hold harmless and defend Sunlight and Yoga and the practitioner of any and all actions, claims, or other legal or administrative action that has arisen or may arise from my participation in this service. Prior to class I have the right to refuse this policy, understanding that if I refuse I must do so in writing stating clearly that I refuse these terms of service and thereby deny my request for service. I have read the above release and waiver of liability and fully understand its contents. I voluntarily agree to the terms and conditions stated above.

Sunlight and Yoga (S&Y) is an Iyengar influenced YOGA studio. Iyengar is most famous for its emphasis on proper alignment. Proper alignment improves circulation, creates inner space (literally in the joints), and brings a balanced flow of energy through the whole body, which leads to health and well being. Beginner students tend to disturb other parts of the body when they make adjustments. For example, beginners will often turn the head when they want to twist the spine. Mature practitioners develop a body awareness. Through an understanding of how everything is connected, they are able to make any adjustment without disturbing the rest of the body. PLEASE BE AWARE THAT PRACTITIONERS AT S&Y MAY MAKE HANDS ON ADJUSTMENTS TO YOUR POSES. IF YOU WOULD NOT LIKE TO BE ADJUSTED IT IS COMPLETELY YOUR RESPONSIBILITY TO TELL YOUR INSTRUCTOR PRIOR TO CLASS, EVERY CLASS.
